

# Drawing Mouths

Drawing-and-Coloring.com

Use these example to learn what the mouth looks like and to study how it changes. Gaining a little understanding of how the muscles and bone shape the face is almost inevitable if you want to better understand how they affect the way the face looks.

Below are some quick sample sketches of mouths to give you some perspective.

The lesson that goes with these examples can be found at :  
<http://www.drawing-and-coloring.com/drawing-mouths.html>

Use these reference photos to study the nose and its different looks
